Dear Commissioner:

Re: Renewed Request Under 37 CFR 1.42
United States Patent Application No. 09/600,125
Entitled: Composition Containing Propargylamine for
Enhancing Cancer Therapy
Inventors: R.C. Warrington, I.A. Paterson and A.A. Boulton

This is filed in reply to the Commissioner's letter of February 28, 2001, rejecting the submitted declaration on the above-noted patent application and providing two months, or until April 30, 2001, to reply.

The declaration was rejected on the basis that:

- (i) the citizenship, residence and last post office address of the deceased inventor as required pursuant to 27 CFR 1.497 was not provided; and
- (ii) that the names of the two persons who signed on behalf of Canada Trust were not legible on the forms and there was no statement that they had the requisite authority to sign on behalf of Canada Trust.

In this regard, please find enclosed:

- (a) a newly executed Declaration having the signatures and printed names of the persons signing on behalf of Canada Trust and the corporate seal;
- (b) an "added page" to the Declaration, indicating the citizenship, residence and last post office address of the deceased inventor, I. Alick Paterson, and signed by Canada Trust expressly stating that they are signing the declaration as authorized signing officers of Canada Trust; and

- (c) three notarial statements attesting to the identity and title of the persons signing on behalf of Canada Trust.

We submit that the above reply and enclosures satisfactorily respond to the Commissioners request. We trust that the original declaration executed by the other two inventors, R.C. Warrington and Alan A. Boulton, were satisfactory and have been accepted and put on file with the application.

If any fee is due, including a fee for an extension of time, such an extension is hereby requested, and the Commissioner is authorized to charge any such fee to Deposit Account No. 02-2095.

Respectfully submitted,

R.C. Warrington, I.A. Paterson and A.A. Boulton
